NEWS RELEASE
December 28, 2015

ROBBERY AT SIERRA CENTRAL CREDIT UNION

On Monday, December 28th at approximately 9:00 a.m., an employee from Sierra Central Credit Union (422 4th Street) called 911 and reported a robbery had just occurred. Officers arrived on scene moments later and learned that the suspect fled on foot, out the back door of the bank. The suspect was described as a white male, approximately 25 years of age, wearing a gray hooded sweatshirt, baseball hat, black sunglasses and blue jeans. The suspect had the hood pulled over the top of his hat. The suspect had a thin build, and was between 5'10" and 6'00" tall.

The teller told officers that the suspect approached her at the counter holding an unknown aerosol type can in one of his hands. The suspect made a verbal demand for cash. The teller followed the suspect's instructions and handed him an undisclosed amount of cash. The suspect then ran out the back door, located on the south side of the bank. There were no injuries reported.

A witness at the scene reported a man matching the description, running east across D Street, between 3rd Street and 4th Street, just moments before officers arrived on scene. At this time the Marysville Police Department is actively searching for the suspect while notifying surrounding businesses. The bank's video surveillance system captured photos of the suspect, which are attached to this news release.

The Marysville Police Department is asking anyone with information on this incident to please come forward. Anonymous tips can be left to the Marysville Police Department through the Department's mobile app, which is free to download on smartphones and tablet devices.
